REMARKS

In the Office communication of January 16, 2007, the Examiner identified the following inventions, considered patentably distinct:

- I. Claims 1-21, drawn to a method, classified in class 128, subclass 898.
- II. Claims 22-27, drawn to a product, classified in class 606, subclass 198.

The Examiner required restriction under 35 U.S.C. § 121 to one of these inventions.

Applicant elects, without traverse, to prosecute the claims directed to Invention I as identified by the Examiner. Applicant reserves the right to pursue claims to Invention II in one or more future applications. Accordingly, Claims 22-27 are withdrawn from prosecution in the present application. Claims 1-21 all read on the elected invention.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
